

WESTERLY BRITISH CLUB AGAIN

This Time a Claim of \$450 from New London Liquor Dealer—Stonington Station Burglarized—Fake Fire Alarm—Prospect of Park Concerts—News from the Diamond.

The Westerly British club that has been in existence for nearly three years, and which has attracted 135 members, including many professional men and political office holders and politicians from nearby places, is certainly getting its bumps, and all on account of internal dissension. Early this week attachment of the club's funds and property was made by Dixon & Rathbun, as counsel for Charles D. Chapman, a vice president and steward of the club, for damages of \$1,000 for salary claimed to be due him as steward. Since then, Charles F. Perry, president of the club, has resigned and Mr. Chapman has been voted out of office.

Friday afternoon a second attachment was served on the organization by Dixon & Rathbun, acting for Charles J. Duoy, a New London wholesale liquor dealer. The claim is for \$450, alleged to be due for liquors furnished the club.

Artem J. Pothier, governor of Rhode Island, is to be tendered a reception at the New Watch Hill house this (Saturday) morning. The governor spends Saturdays and Sundays at the Hill, and a novel dancing programme has been arranged in his honor, and with the expectation that he will take active participation. Among the old-time dances are the Danish polka, Sir Roger de Coverly, schottische, the minuet, the Royal favorite, the Spanish circle and Virginia reel.

The Stonington passenger station was burglarized Friday morning after the departure of the steamboat train at 4:30. Entrance was made by forcing a window. The door to the ticket office was also forced open and the drawers ransacked, but only fifteen cents in cash was taken from the office. The tickets in the rack were scattered on the floor, but none was stolen. The telephone in the pay station was smashed and the cash contents removed.

Thursday afternoon workmen were burning the insulation from some wires in the rear of the car barn of the Pawcatuck Valley street railway company. Some fellow saw the smoke and concluded that the barn was on fire and sent in the alarm from box 47 at the corner of Beach and Elm streets. Before reaching the alarm box the firemen were notified that their services were not required and that there should not have been any alarm sounded.

There have been but two concerts in the park in the past three years, and now effort is being made to have

Little Public Demand for Employers' Liability Bill.
Senators Who Favor It Give No Clear Reasons for Doing So.

Castro's Regrets.
Mr. Cipriano Castro, one time dictator of Venezuela, thinks it humiliating to Venezuelans to have that country re-established friendly and equal relations with other powers.—New York Tribune.

Professor Turner of Oxford says that every thirty years some 30,000 minor earthquakes take place.

When the bill passed the house it received no detailed explanation or clear consideration and it is doubtful if the house would vote to pass it today, after its possibilities have become known. The laws now on the Connecticut statute book are wise and just and our courts are the equal of those of any state, and better than those in more than one, and this fact diminishes any feeling in favor of an employers' liability law.

A Summer Idyl.
Miss Sadie built a cherry pie, one thing was omitted.
It wasn't shortening in the crust, the cherries were omitted.
But when the boarders struck that pie, with rage their teeth grinded.
Though Sadie called the fruit to pit, the boarders Sadie flitted.
